**GARLIC POWER<sup>IPM</sup>**

**GALLON**

**General Information:** Bonide Garlic Power<sup>IPM</sup> is a biodegradable, botanical insect repellent. Garlic Power<sup>IPM</sup> is uniquely suited for integrated pest management programs. When used as directed, Garlic Power<sup>IPM</sup> will not harm the environment, people, pets or plants. It will not harm beneficial insects and is compatible with most fertilizers and pesticides. Garlic Power<sup>IPM</sup> does not effect the flavor of treated produce. The garlic odor noticeable during application, quickly dissipates as the spray dries.

**Directions For Use: Shake Well Before Using** – Best results are obtained when application is made when winds are calm, at least 6 hours prior to anticipated rainfall and the temperature is between 65°-85° F. After material has dried, it will not wash off in rain. After Garlic Power<sup>IPM</sup> has dried, it will last up to 2 weeks.

**Mixing Instructions: Small scale use:** Mix 1 oz. per gallon of water and apply to 1000 sq. ft. **Large scale use:** Mix 1 gal per 100 gallons of water and apply to 10 gals. of spray mix to 1 acre. For hard water, or hard to wet plants, the use of a surfactant or spreader sticker is recommended.

**Application Instructions:** Use good, clean spray equipment. Occasionally agitate spray mix to keep from settling. Begin application prior to insect infestation if possible. Repeat application at 14 day intervals to maintain repellency. Be sure to thoroughly wet all foliage, including undersides of leaves.

**Crop Protection:** Garlic Power<sup>IPM</sup> will repel harmful insect pests from gardens, landscapes, trees, shrubs, vegetables, fruit, citrus, nuts, grains, herbs-----

**Area Protection:** Garlic Power<sup>IPM</sup> will repel nuisance flying and crawling insects from recreational and residential areas including parks, yards, pools, porches and patio areas, campsites, picnic areas, golf courses, beaches, bar-b-ques-----. Garlic Power<sup>IPM</sup> also repels skunks, armadillos, squirrels, field mice, deer, rabbits and geese. **This product is does not claim mosquito repellency and is not intended for that use.**

**Endangered Species Considerations:** Before using this product, consult with State or local wildlife authorities to ensure that use does not present a hazard to any threatened or endangered species. Where necessary, obtaining all required permits and licenses is the responsibility of the applicator.

**First Aid:** Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with plenty of water. In case of skin irritation, wash area thoroughly with soap and water. Seek medical attention if irritation persists.

**Storage and Disposal:** Store and transport in an upright position. Store only in original container, in a dry place inaccessible to children and pets. Avoid excessive heat (above 90°F) and freezing temperatures. Do not reuse empty container. Discard empty container in trash.

**Other Precautions:** Do not apply directly to open water.

This product is exempt from registration with the Federal EPA under section 25(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. Bonide represents that this product and its ingredients qualify for exemption from registration under FIFRA.

**Notice:** Buyer assumes all responsibility for safety and use not in accordance with label directions.
