

Living Acres' SEAPLUS

MATERIAL SAFETY DATA SHEET

Manufacturer's Name Living Acres , LLC
Emergency Telephone 207-778-2390 (cell = 207-491-6657)
Address : 251 Weeks Mills Rd., New Sharon, ME. 04955
Product Name : SEAPLUS (liquid fish & seaweed fertilizer)
Formula : A combination of fish emulsion (45-50% solids stabilized with 5% phosphoric acid, H₃PO₄ and/or sulfuric acid H₂SO₄) ; and liquid seaweed, a water extract of *Ascophyllum nodosum* (rockweed) containing 2% potassium hydroxide (KOH).

Hazardous Ingredients : None

Physical Data : **Boiling Point :** 104° C **pH :** 4.0
Solubility in water : 100% **Density :** 9.8 lbs./gallon
Appearance and odor : Brown, viscous liquid. Smell similar To fish, marine tidal flats.

Fire And Explosion **Flash Point :** N/A

Hazard Data : **Extinguishing Media :** Water, Dry chemical, Foam.
Unusual Fire And Explosion Hazards : N/A

Health Hazard Data : **Threshold Limit Data :** None established. Treat as per a mild (i.e., 2%) potassium phosphate solution.
Effects of Overexposure : Continual overexposure may cause a mild irritation to skin. Accidental contact with eyes may cause reddening and irritation.
Emergency and First Aid Procedures : For SKIN irritation, wash thoroughly and apply moisturizing lotion to alleviate the drying effect of contact. For EYE contact, flush with water. If symptoms persist, consult a physician. For ACCIDENTAL INGESTION, consult a physician to treat per amount ingested, as a 2% potassium phosphate (K₃PO₄) solution.

Spill or Leak Procedures : Containment and clean-up are best accomplished with dry soil or clay, or with dry sawdust. The absorbed material is non-toxic and a compostable substance. Otherwise, dispose of waste in a non-hazardous, approved site. Finish clean-up with soap and water.

Personal Protection: Protect eyes from splash and spray mist with safety glasses, goggles, or face shield. Protect from skin exposure with non-absorbent gloves and long sleeves.

Special Precautions : None.
